# Campus Connection

April 2010

## Record days of school missed this year !

Every single school First Priority is chartered in has missed more school this year than any other year in recent history. The first issue was the swine flu. If you remember most of our schools missed several days back in the fall.

And then of course what a winter! With our schools not attending one full week until the last of March. But the good news is now, they have been in school for two full weeks. This week is spring break for most of our schools. Please help us to pray for a Revival to break out in our schools for the remaining of the school year. Pray for our “Momentum” events we are currently rescheduling after the testing window.

## Attendance equals Results !

Whitley North school saw the first two salvations of the school year last week (April 1). Also Corbin Middle school saw the first three salvations of the year last week (April 2). Corbin Middle targeted the photography club and had a local professional photographer come and share the good news of Jesus. This is no coincidence considering the students had been to school for a full two weeks for the first time since November. Girdler school had one rededication recently. Kay Smith a faculty for Girdler school said, "I have never saw a move of God with our students like this."

Knox Central Middle	Tues			Whitley North	Thurs
Knox Central High	Wed	<u>Corbin 7:30 am</u>		Williamsburg	Fri
Lynn Camp	Wed	Corbin Middle	Fri		
West Knox	Fri	Corbin High	Thur		

Students are the key. When they get excited about following Christ, they bring others alongside them. Then other students hear the gospel, then they get excited and the evangelized become the evangelist. So in short, STUDENTS REACH STUDENTS!
